

Antigo Veterinary Clinic

Financial Policy 2017

At Antigo Veterinary Clinic, we believe that it is our job recommend the best care for your pet, and to not pre-judge our client's wishes for their pets. After our staff evaluates your pet's health, our team will create a treatment plan outlining recommended care, and costs of care. Because we are a small business with operating expenses including facility maintenance, staffing costs, equipment expenses, inventory costs and more, we rely on timely payment for services rendered in order to provide the veterinary care your pets need. We have adopted the following financial policy in order to maintain the operations of Antigo Veterinary Clinic.

Antigo Veterinary Clinic Financial Policy

- We accept payment in the form of cash, check or credit. No third party checks are allowed.
- We offer Care Credit, and Security Financing, as third party financing options.
- We no longer offer internal payment plans.
- If you have concerns about affording costs of care for your pet:
 1. Our team will discuss alternative options with you that may work with your budget
 2. If it is not possible to effectively treat your pet within your budget, and your pet has a condition causing pain or suffering, then we will offer humane euthanasia for your pet.
